

University of Connecticut College of Liberal Arts and Sciences
Department of Molecular and Cell Biology--MCB Minor Degree Plan of Study

Last revised: October 11, 2013

Instructions to students: When you are preparing your final plan of study, you must obtain department approval that you have satisfied requirements for the Molecular & Cell Biology minor. Contact Sharyn Rusch, MCB Academic Advisor, at 486-3348 (Biology/Physics Building Room 101) for a signature on this form. Include one signed copy when you submit your final plan of study to the Registrar.

A. Genetics Group. Check at least **one** of these courses.

- MCB 2400. Human Genetics (3 credits)
- MCB 2410. Genetics (3 credits)
- MCB 2413. Concepts of Genetic Analysis (4 credits)
- MCB 3201. Gene Expression (3 credits)
- MCB 3617. Molecular Biology and Genetics of Prokaryotes (4 credits)

B. Biochemistry Group. Check at least **one** of these courses.

- MCB 2000. Introduction to Biochemistry (4 credits)
- MCB 3010. Biochemistry (5 credits)

C. Cell Biology Group. Check at least **one** of these courses.

- MCB 2210. Cell Biology (3 credits)
- MCB 2610. Fundamentals of Microbiology (4 credits)

D. Total Credits. List and sum credits for all courses taken in MCB.

_____ credits for MCB _____ [Example: "4 credits for MCB 2000"]

_____ credits for MCB _____

_____ credits for MCB _____

_____ credits for MCB _____

_____ credits for MCB _____

_____ credits for MCB _____

_____ **Total credits in 2000 level courses** in MCB (must be **15** or more) with grade of C or better.

Student Name (print) _____ PeopleSoft #: _____

Expected graduation month/year _____ Cell/Local Phone: _____

e-mail: _____

I approve the above program for the Minor in Molecular & Cell Biology. Advisor (print) _____

Advisor's signature _____ Dept. _____ Date _____
